VERY LITTLE INTEREST

TRADERS PAID SCANT ATTENTION TO THE SHARE MARKET.

Cotton Failure Caused a Sharp Break, Mostly Recovered-New Record Made by Standard Oil.

At New York, yesterday, money on call was easy at 1%@2 per cent.; last loan, 2 per

Prime mercantile paper, 31/2@41/2 per cent Sterling exchange was steady, with actual business in bankers' bills at \$4.87% for demand, and 34.84% 44.84% for sixty days; posted rates, \$4.85 and \$4.88\2@4.89; com mercial bills, \$4.84@4.84%

Silver certificates were 60@61c; bar silver, 60c; Mexican dollars, 471/2c. At London, bar

silver was 27 9-16d an ounce. Interest was still further constricted in the stock market yesterday morning, and the market had fallen nearly to the point of stagnation when premonitory symptoms began to appear of distress on the part of some speculative interests. The market sold off sharply on a larger volume of dealings than for some time past. This was explained soon after noon by the announcement of the suspension of Price, McCormick & Co., which was made first on the Cotton Exchange, and soon afterwards suspension was followed by the closing out of the outstanding contracts of the suspended firm on the floor of the exchange. The rest of the day was practically de voted to this selling and buying, under the rule, other operations being almost entirely given over. The dealings for the firm's account footed up to 33,950 shares before the close. A heavy outstanding short account was in evidence in the settlement and the movement of prices resulting was exceedingly confused and irregular. In many stocks, for which there was little market the forced sale caused some sharp declines and the active railroad list was, at one time, from 1 to 2 points off from the best. The steel stocks were also much affected. There were decided recoveries from the west prices and the closing, while almost stagnant, showed the net losses in the railads generally reduced to fractions. The failure was primarily due to commitments in cotton, and the violent decline in that staple of the last two days was the cause of the firm's difficulties. Sugar continued the most active stock in the market and moved in a feverish and erratic manner all day. Its extreme net decline was 24 points and its loss on the day was 11/8 points. The ment of the stock was not accompanied by any news and seemed purely speculative in character. The steel stocks were depressed by the rather discouraging view expressed by the Iron Age, of prospects in the trade, that authority advising a sharp curtailment of production. Rumors circu

lated during the day that the Illinois Steel Company's plant, at Joliet. Ill., was to be closed. The prospect thus offered of possible reduction of buying power in the community and of probable strikes and labor troubles, caused rather acute uneasiness. eak in lake rates on grain renewed fears that railroad rates could not be held, although the railroad earnings reported showed good increases, St. Paul being included. The reduction in the Bank of England rate of discount was expected and produced little effect either in the London stock market or here. Rates for money continue very easy and the passage, yesterday, of checks for \$35,000,000 through the clearing house for the Third-avenue Rallroad bond payment caused not even a ripple. The proceeds are supposed to have been promptly redistributed amongst the banks. In view of the foreign exchange situation and outward movement of gold much interest attaches to the question whether Liverpool will buy cotton heavily after yesterday's severe break, while the Liverpool exchange was closed for the holiday. The feature of the day was a sale of Standard Oil in the outside market at S. compared with 550, Wednesday, which was then the highest price on record. The bond market was exceedingly dul and changes were mixed. Total sales, at par value, were \$1,360,000. United States old ours advenced %, the fives, new, coupon yours and threes, coupon, 14, and the twos a in the bid price. Pollowing are the day's share sales and

the closing bid prices:

To the Editor of the Indianapolis Journal. The report of your Washington corre of the Grand Army of the Republic, is there and that he has fixed up things for Evans is, to say the least, a strange story. If and claimed to speak for the G. A. R. he has exceeded his authority. The G. A. R. never authorized General Shaw to "fix up" anything about Evans. The National Encampment at Philadelphia did by resolution ask for certain pension legislation of Congress, and when it spoke Shaw was confined in his duties to what it said, and he is confined to that. Evans was not mentioned there. That Evans has "come down," as your correspondent says, is a confession that he is not satisfactory to the old soldiers, however he may be to General Shaw. and that he has "come down" to save his place is patent to any well-informed person. By that move he has made himself more contemptible, if possible, to the soldiers than he was before. If Comrade Shaw has done that thing he does not represent the G. A. R., and if he does he certainly does not represent the soldiers, because the members of that body are only one in three of the old soldiers. We may

be fooled part of the time, but Shaw and

Indianapolis, May 24. A MEMBER.

others can't fool us all of the tim

ON DULLNESS

ALL CHICAGO STAPLES BUT WHEAT CLOSED AT DECLINES.

New York Cotton Failure and Lack o News Were Factors-Wheat Firm and Unchanged.

CHICAGO, May 24.-Wheat held firm to day on the usual batch of unfavorable weather items, July closing unchanged Corn closed 4@%c and oats 4@%c under yesterday. Provisions, at the close, were practically unchanged from yesterday.

The rather bearish tone of the Price Current weekly crop summary, being taken in the wheat pit in lieu of other news, had a slightly bearish effect at the opening, July beginning the session 1/21/4c under yesterday, at 67c. Liverpool and Paris were both celebrating, and the absence of quotations from these centers of the grain trade had a quieting effect on the trade here. Soon after the opening old items made their usual appearance and were absorbed to such an extent that the market railied. It was impressed on the speculators that the Northwest needed rain-needed it badly. One expert said the country, in places, was dry as a bone. Illinois, Kansas, Ohio and other States continued to complain of fly, and one Kansas man sent in a sample of badly yellowed wheat to show what the rains had done in his State. Under these considerations July advanced to 671/267%c. Profit-taking and the failure of a New York cotton firm sent July back to 67c, but the close was firm. July was unchanged, at 671/8@671/4c. Cash and export sales were small. Primary receipts were 484,000 bu. Minneapolis and Duluth reported 433 cars, against 255 last week and 347 a year ago.

failure of the New York firm at least ur the selling along. There was a fair shipping demand, but the export inquiry was curtailed by the holidays abroad. The weather was reported favorable. Country offerings, save in Illinois, where there was some in crease, were small. July sold between 37%@ 38c, having attained that price early, in sympathy with wheat, and 374c, closing 46%c down, at 37%c. Receipts here were 177 cars.

Oats were dull and easy. Western offerings were freer and the corn uneasiness was an influence. July sold between 22c and 21%c. closing 4@%c under yesterday, at Provisions were surpassingly dull, the

greater part of the session, and to this condition of affairs was due a slight recession in prices. July pork ranged from \$11.50 to \$11.42½, and closed 2½@5c under yesterday, at \$11.42½@11.45; July lard from \$6.97½ to \$6.95, closing unchanged at \$6.95, and July ribs from \$6.5714@6.60 to \$6.55, with the close unchanged at \$6,571/4. Estimated receipts to-morrow-Wheat, 30 cars; corn, 275 cars; oas, 200 cars; hogs, 26,000 head. Leading futures ranged as follows:

SAVANNAH, May 24.—Spirits of turpentine firm at 48½c. Rosin firm and unchanged.

Minneapolis and Duluth reported 433 cars, against 255 last week and 347 a year ago. Local receipts were 37 cars, none of which graded contract. Clearances, in wheat and flour, were equal to 572,000 bu. New York reported 17 loads taken for export.

Corn was fairly active, and, in sympathy with wheat, firm, until the Price-McCormick failure in New York unexpectedly threw considerable quantities on the market. Then it broke, and the close was weak. There was also considerable selling for the local account and the demand generally was slack, so it is possible that the market might have broken anyway, but the failure of the New York firm at least urged the selling along There was a fair shirping.

LONDON, May 24.—The offerings at the wool auction sales to-day numbered 5,869 bales. The attendance was light, but prices were fairly steady under good competition. Good greasy cross-breds were in request for the home trade and the continent. American representatives paid full rates for suitable grades. Following are the sales in detail: New South Wales, 800 bales; scoured, 9½d@1s 9d; greasy, 6½d@1s 3d; greasy, 6½d@1s 9d; greasy perior snow white, is 8%d@is 9d.

NEW YORK, May 24.—Trading was rather quiet and uninteresting in the market for metals. Tin continues to decline, influenced by large receipts. The close was very weak at 294 ess favorable cables than anticipated and th 29.25c: Pig iron warrants were very weak at 290 unsalable; no quotation given. Northern No. 1 foundry ruled very weak at \$20@22. Lake copper was steady for spot and rather easy for futures, closing at 16.75c. Lead and spelter ruled dull and unchanged on the basis of 3.971/204.021/2c and 4.471/204.521/2c, respectively. The brokers price for lead was 3.80c and for copper 16.75c. ST. LOUIS, May 24.—Spelter nominal at 4.4

Dry Goods.

NEW YORK, May 24.—There has been a sligh mprovement in the volume of business doing it scme quarters in cotton goods, but general buying continues light on home trade account.
Sales for export to-day have been moderate at
previous prices. Print cloths continue idle in
regulars and unchanged in odd goods. Prints Cotton linings in quiet request and irregular.

Cotton.

An Old Soldier's Grievance.

To the Editor of the Indianapolis Journal: Last week the State G. A. R. Encampment met in your beautiful city, in which stands that magnificent soldiers' monument an honor to the great State of Indiana and the pride of every Indiana soldier. And when he visits your city he never fails to pay homage to that grand structure. It is a sad pleasure to him to linger near its shrine and commune with his own thoughts. It carries him back to the days of fatiguing drills, the long and weary marches, the corn he stole from the mule to appease his hunger, the long stormy nights on picket, the bloody battle fields and the comrade that never returned. And while the feeble, old, gray-haired veteran is thus engaged, he is interrupted. insulted and abused by a rough, uncouth being, wearing brass buttons and a star. because he happens to be sitting where "it's against the rules." I do not know who is responsible for the appointment of this man, but to say the least, his judgment is at fault. A soldier who knows how to sympathize with a soldier should be stationed there, and the "rules" might be suspended on these occasions, so that the respect due these old veterans that sacrificed so much for the country might be shown them. A. JAY M'CULLOUGH.

UNION STOCKYARDS, INDIANAPOLIS, May 24.-There was a small supply of horses in the auction, less than 100 head having been offered. The kind and quality of the offerings was not different from heretofore this week, and all sold at quotably steady prices, but there were not as many buyers on the market and the bidding was less active. The week's business has not been of large volume, but the market has been quite satisfactory to all

Elsewhere.

WANTS PART OF \$25,000,000.

Divorced Wife of F. A. Bell Whose

Alimony Was Never Paid.

BLOOMINGTON, Ill., May 24.-Frederick . Bell, who died in Madison, N. J., on

Saturday, leaving a fortune estimated at \$25,000,000, accumulated by inheritance and by dealing in coal in Buffalo and Rochester, N. Y., was married twenty years ago in this city to Mrs. Mary Gridley Bruce, youngest daughter of the late General Gridley, one of the wealthiest men of central Illinois. The marriage proved unhappy and a separation followed. Mrs. Bell returned to her home and ten years ago brought suit for divorce, alleging desertion. Divorce and alimony of \$3,000 per year were granted. Bell contested, and in the Court of Appeals of New York the decision was against him. He appealed to the state Su-preme Court and thence to the United States Supreme Court, where the case is now pending. In case the decision is in favor of Mrs. Bell she will receive in addition to the unpaid alimony either one-third of the \$25,000,000 left by Frederick Bell or a life interest in one-third of \$25,000,000. Mra Bell has for a number of years spent most of the time in New York city.
